## HIGH TEMPERATURE FINISH PAINT

### 1. PRESENTATION

**AERO EUROGALVA NOIR** is an anti-corrosion protective paint that resists to high temperatures. Contains high temperature silicone polymer resins. It shows excellent adhesion to metal. Its temperature resistance is 200°C continuous, and 500°C peak.

### 2. ADVANTAGES

- Easy to use.
- Good resistance to saline mist and bad weather.
- **High covering capacity.**
- **High temperature resistance.**
- Excellent adhesion to metals.
- Professional result in just two coats.

### 3. PRESENTATION

**AERO EUROGALVA NOIR** can be applied directly to:

- sheet steel, cast iron, aluminium and alloys,
- exhaust pipes, boilers, radiators, fireplace firebacks and curtains, etc...

Generally, it is used for all metals subjected to high temperatures. It can also be used outdoors. Remove all traces of rust on the surfaces to be painted using a brush. Surfaces to be treated must be perfectly clean.

### 4. INSTRUCTIONS

Shake vigorously upside down for 60 seconds. Spray on degreased, passivated or sandblasted metal, approximately 20 cm from the areas to be treated. Apply cross-lapped coats.

Purge upside down after each use so as to leave the opening of the spray paint-free.

#### Application:

<b>Application technique</b>	: Spray.
<b>Touch dry time</b>	: 2 hours.
<b>Oven drying time</b>	: 5 minutes at 180/200°C.

Final specifications and particularly anti-corrosion properties will depend on the number of coats applied (2 coats provide excellent results) as well as the drying conditions: post-baking at 200°C will enhance the resistance to saline mist (resistance up to 400 hours).

## HIGH TEMPERATURE FINISH PAINT

### 5. CHARACTERISTICS

Appearance:	liquid
Colour:	black
Density:	0.85
Flash point:	< 21°C
Non-flammable propellant	134A + CO2
Aerosol can capacity:	650 ml
Net volume:	400 ml

*(For more information, please refer to paragraph 9 of the safety data sheet).*

### 6. SAFETY OF USE

- See the product's Safety Data Sheet at [www.quickfds.fr](http://www.quickfds.fr).
- Do not pierce or burn, even after use.
- Do not spray on a naked flame or any incandescent material.
- Keep away from flames or sources of sparks or ignition. No smoking.
- Keep out of reach of children.
