AERO EUROLUB

HIGH TEMPERATURE ANTI-SEIZE LUBRICANT

1. PRESENTATION

AERO EUROLUB is a product made of very fine particles of nickel and aluminium in an oily carrier with **corrosion inhibitors**.

This lubricant provides **perfect protection against corrosion**. It has been developed especially to **prevent the risk of seizing** of metal or rubber parts. Used regularly, it can facilitate assembly and disassembly.

2. ADVANTAGES

- **Insensitive to water** (prevents parts from freezing, rusting or seizing up).
- Forms a **tight, continuous film** (prevents leaks).
- Eliminates friction and **prevents seizing up to 1200°C**.

3. AREAS OF APPLICATION

- **Parts and materials stored outdoors (exposed to the weather)**
- Protective coating on cables, chains and fastenings.
- Lubrication of head gaskets, hoses, bolts...
- Lubrication of fuel nozzles, burners...
- Tightness of joints or ducts.

4. INSTRUCTIONS

Shake well before use.

Spray the substrate from a distance of 20 to 30 cm while holding the aerosol can upright.

Shake the aerosol regularly during application and purge after use (hold the can upside down).

5. CHARACTERISTICS

Appearance:	thin liquid
Density:	< 1
Flash point (°C):	< 0°C
Aerosol can capacity:	650 ml
Net volume:	500 ml

Preserves the ozone layer

(For more information, please refer to paragraph 9 of the safety data sheet).

6. SAFETY OF USE

- See the product's Safety Data Sheet at www.quickfds.fr.
- Pressurized container: protect from direct sunlight.
- Do not pierce or burn, even after use.
- Do not expose to temperatures exceeding 50°C.
- Do not spray on a naked flame or any incandescent material.

The details provided in this Data Sheet are given in good faith, for information purposes only. They shall not in any case constitute a guarantee on our part, or engage our responsibility when using our products. This Data Sheet supersedes all previous versions. Compagnie France Chimie reserves the right to make changes to its products and to this data sheet without prior notice. Our clients shall ensure, before any implementation, that these instructions have not been replaced by a more recent version that takes into account new technical data.

Product solely intended for professional use.
