AERO NETT INOX

FOOD-GRADE STAINLESS STEEL CLEANER,
BRIGHTENER, PROTECTOR

1. PRESENTATION

AERO NETT INOX is a cleaner with an excellent wetting power for instant removal of dust, grease and fingerprints, and for restoring the brightness of substrates.

AERO NETT INOX complies with the French decree of October 27, 1975, amended by the decrees of 21/12/79, 25/09/85, 29/10/87, 05/04/91 and 15/06/93. **AERO NETT INOX** can therefore be used to clean equipment that may come into contact with foodstuffs.

2. ADVANTAGES

- Packaged as an aerosol can, the product is very easy to use.
- Cleans and brightens in a single operation.
- Leaves a thin film of Codex oil to protect surfaces.
- Unscented, almost odourless, silicone-free.

3. AREAS OF APPLICATION

- Ideal for all stainless steel surfaces in the food, automotive and marine industries, etc.
- Can also be used on steel, chrome, aluminium, alloy, brass and bronze surfaces. Also works on washable surfaces made of enamel, melamine, ceramic, faience, granite, marble, rubber, elastomer, crosslinked paints, etc.
- Recommended for the cleaning, maintenance and protection of stainless steels used in the decoration of buildings and various constructions, bathroom facilities and industrial kitchens, food processing machinery, etc.
- For the cleaning of vessels, cans, cupboards, hoods, ovens, stainless steel sinks, conveyors, mixers, doors, joinery, railings, handrails, counter tops, work tables, elevator doors...

4. INSTRUCTIONS

Shake before use.

Hold the aerosol can upright, and purge upside down after use.

Spray directly on the dry surfaces to be treated from a distance of 15 cm to 25 cm.

Wipe with a dry, soft, lint-free cloth, or if possible with a microfibre cloth.

Repeat the process if necessary.

Can also be sprayed on a cloth just before applying it. Imperatively rinse the equipment if it is intended to be in permanent contact with foodstuffs.

5. CHARACTERISTICS

Appearance: thin liquid

Density: < 1.0

Aerosol can capacity: 650 ml

Net volume: 500 ml

Preserves the ozone layer

Flammable product

(For more information, please refer to paragraph 9 of the safety data sheet).

6. SAFETY OF USE

- See the product's Safety Data Sheet at www.quickfds.fr.
- Follow the instructions relating to the storage and handling of gas-filled pressure vessels.

The details provided in this Data Sheet are given in good faith, for information purposes only. They shall not in any case constitute a guarantee on our part, or engage our responsibility when using our products. This Data Sheet supersedes all previous versions. Compagnie France Chimie reserves the right to make changes to its products and to this data sheet without prior notice. Our clients shall ensure, before any implementation, that these instructions have not been replaced by a more recent version that takes into account new technical data.

Product solely intended for professional use.
