# AERO DEGRIPPANT 5F

FREES / CLEANS / LUBRICATES / PROTECTS / REPELLS WATER

## 1. PRESENTATION

AERO DEGRIPPANT 5F is specially designed to effectively free, clean, lubricate, protect and waterproof all mechanical parts, regardless of their exposure.

## 2. ADVANTAGES

- Packaged as an aerosol, the product is multi-purpose and very easy to use.
- Simple, quick and economical application.
- The aerosol can be used in any position.
- Very high capillary capacity, excellent product migration.
- Quickly frees assemblies, even when strongly seized.
- Very good degreasing capacity (accumulation of grease, oil, etc.).
- Low surface tension.
- Repels water and then prevents it from penetrating.
- Leaves an anti-corrosion protective film.
- Protects equipment in wet or saline atmosphere.
- Contains no chlorinated solvents or aggressive products.
- Compatible with non-ferrous materials, electrical insulators, plastics.

## 3. AREAS OF APPLICATION

AERO DEGRIPPANT 5F:

- Quickly **frees** rusted or seized parts (couplings, chains, nuts, bolts, axles, hinges, pulleys, pivots...).
- **Cleans** mechanical parts, motors.
- **Lubricates** and cleans all kinds of mechanisms and provides slippage.
- **Protects** metal parts against corrosion and protects electrical equipment against moisture.
- **Water repellent**: repels moisture from electrical equipment and re-establishes electrical contact.

AERO DEGRIPPANT 5F can be used by all professions faced with the corrosion of mechanical parts:

- All building trades, public works, maintenance services, Navy, industry, automotive / trucks, bicycle, armoury, agriculture.

Helps unblock all assemblies:

- props, clamps, locks, hinge pins, guides, drawers, hinges, springs, rods, axles, chains, bolts, pulleys, gears, cables, on-board electrical equipment, motors, spark plugs, flanges, collars, studs, conveyors, etc.

## 4. INSTRUCTIONS

- Shake the aerosol can well before use.
- For parts to be protected: spray from a few inches away in short bursts.
- For parts to be freed: spray directly on the parts, wait a moment for the product to penetrate then try and unblock.
- Spray again if needed and allow the product to penetrate until the seized parts are freed.

## 5. CHARACTERISTICS

Appearance:	thin liquid
Propellant	Flammable
Aerosol can capacity:	650 ml
Net volume:	400 ml

(For more information, please refer to paragraph 9 of the safety data sheet).

## 6. SAFETY OF USE

- See the product's Safety Data Sheet at [www.quickfds.fr](http://www.quickfds.fr).
- Follow the instructions relating to the storage and handling of gas-filled pressure vessels.

*The details provided in this Data Sheet are given in good faith, for information purposes only. They shall not in any case constitute a guarantee on our part, or engage our responsibility when using our products. This Data Sheet supersedes all previous versions. Compagnie France Chimie reserves the right to make changes to its products and to this data sheet without prior notice. Our clients shall ensure, before any implementation, that these instructions have not been replaced by a more recent version that takes into account new technical data.*

Product solely intended for professional use.
