# NETT EURO KLINE

POWERFUL SURFACE RENOVATOR  
FAÇADES, WALLS AND FLOORS

## 1. PRESENTATION

**NETT EURO KLINE** is a multi-purpose, powerful, concentrated alkaline detergent specially designed for the deep cleaning of dirt and atmospheric pollution.

## 2. ADVANTAGES

- Multi-purpose, economical product.
- Effective without rubbing, even when cold (simple rinse).
- Solvent-free (non-flammable).
- More than 90% biodegradable.
- "GREEN ZONE" EXCELL label (French laboratory).
- Silicate-free.
- Requires no specific treatment for neutralisation.
- Compliant with the French legislation that regulates cleaning products used on devices

and containers designed to be in contact with foodstuffs (French decree of 27/10/75 amended on 25/09/85).

- Prevents the scaling of machines thanks to the appropriate sequestering agents it contains.
- Contains no acid.
- Removes the greasy film caused by atmospheric pollution, as well as diesel and oil deposits.

## 3. AREAS OF APPLICATION

Used in all fields of activity (painter, mason, renderer, plumber, landscape architect, food trades, etc.).

- Cleaning of PVC elements, plastics.
- Cladding, terraces.
- Tiling, glass, ceramics, marble, stone, terracotta, reconstituted materials.
- Sheet metal, stainless steel, machine frame, boiler, etc.
- Façade: coatings, stones, unpainted coatings and concrete façades.
- Window sill, balcony nosing.
- Stone facings, cornices.
- Cleaning of pedestrian walkways made of interlocking paving blocks.
- Cleaning of boats, hulls, decks.

## 4. INSTRUCTIONS

### Implementation:

Dilute to between 2 and 20% in cold water (i.e. 0.2 to 2.0 L in 10 L of water).

Moisten the substrate and spray from bottom to top, then leave to act for 15 to 20 minutes.

Rinse the treated surface from top to bottom using a water jet or a pressure washer with a rating of at least 50 bar and a flow rate of 11 to 12 litres per minute.

Use hot water for dilution and rinsing to achieve better results.

Perform big cleaning operations in two stages if necessary.

### Precautions:

*Protect surfaces that come into contact with the product, both undiluted and diluted. May be corrosive to certain metals. Do not apply on aluminium, zinc, tin and copper, or any of their alloys.*

*May alter certain paints in some cases.*

*Never allow the product to dry on the substrate before rinsing.*

*In hot weather or strong wind, thoroughly moisten the substrate before application.*

# NETT EURO KLINE

POWERFUL SURFACE RENOVATOR  
FAÇADES, WALLS AND FLOORS

## Application:

Application equipment	: Spray (blue nozzle), push broom, motor pump, HP machine
Dilution	: 2 to 20% in cold water (i.e. 0.2 to 2.0 L in 10 L of water).
Consumption	: 4 to 6 m <sup>2</sup> /L of solution
Number of coats	: 1 coat
Action time	: 15 to 20 minutes
Cleaning of the equipment	: Water

## 5. CHARACTERISTICS

Appearance in container	: Yellowish liquid
Density	: 1.05 ±0.05 g.cm <sup>-3</sup>
pH at 5%	: 12.0 ±0.1
Odour	: Floral scent
Shelf life	: 12 months in its unopened original packaging

(For more information, please refer to paragraph 9 of the safety data sheet).

## 6. SAFETY OF USE

- See the product's Safety Data Sheet at [www.quickfds.fr](http://www.quickfds.fr).
- Store away from frost.
- For marble or stone façades, a preliminary test is recommended to determine the duration of application.
- Protect surfaces that do not require treatment, as well as plants.
- Do not apply on a surface exposed to sunlight.

**Biodegradability:** the surface active agents present in the formulation comply with EC Regulation No. 648/2004 of the European Parliament and of the Council of 31 March 2004 on detergents: primary biodegradability of at least 90% (calculated). Given the alkaline nature of the product, effluents must be neutralised to a pH comprised between 6 and 8 by means of acid agents before they can be discharged. Once this operation is completed, the effluents do not pose any significant threat to water treatment plants or the environment.

The details provided in this Data Sheet are given in good faith, for information purposes only. They shall not in any case constitute a guarantee on our part, or engage our responsibility when using our products. This Data Sheet supersedes all previous versions. Compagnie France Chimie reserves the right to make changes to its products and to this data sheet without prior notice. Our clients shall ensure, before any implementation, that these instructions have not been replaced by a more recent version that takes into account new technical data.

Product solely intended for professional use.
